Kilmulis are humanoid monsters that live underground.[*citation needed*] Geralt of Rivia once encountered a kilmulis at the Pomerol vineyard in Toussaint.

Characteristics

Kilmulis are humanoid in shape and general appearance, though they are shorter than humans, they don't have necks, are more hunched and more simian, and they have snouts, fangs, chicken-like legs and their upper body is furry.

Note

- Kilmulis look like stupid animals but they are intelligent and they can work with other monsters.
- The Kilmulis are creatures whose origins are based in folklore from northern England.
